

## Motivation

- Reinforce my dream to work in health care
- Allow me to practice real care for patients
- Learn how to work in a hospital setting

## Alia Health Care: State Tested Nurse Aide program

**Program:** State Tested Nurse Aide

**Location:** Columbus, OH

**Week 1-4:** Class was Monday-Wednesday from 5:30 pm - 10:50 pm and consisted of a lecture portion and skills lab. Learned about diseases and prevention for care of geriatrics.

**Week 4 Saturday & Sunday:** Clinicals from 6am-2pm. This is where the skills learned in lab were preformed on actual geriatric patients in the memory care unit at a nursing home.

Maylyn Hones

Leadership

STEP Mentor: Ryan Dyson

Major: Health Promotion,  
Nutrition, Exercise Science

Minor: Human Development and  
Family Science

## Transformational impact

- Allowed me to expand my views on how a nursing home is run
- Making an impact on geriatric patients by preforming a daily care routine
- My interpersonal skills have improved and got better at companionship with others
- This project has increased the level of confidence in myself and allowed me to trust my knowledge
